Amarillo Campus Information Bulletin — June 2026

Hello Summer!

As we welcome June, we also begin to reflect on another wonderful school year coming to an end. It has been a year filled with learning, growth, friendships, achievements, and many special memories shared together.

Over the past months, we have had the privilege of watching our students learn, explore, gain confidence, and reach new milestones. We are incredibly grateful for the trust and support our families have shown throughout the year and for allowing us to be part of your child's learning journey.

As we prepare to close another successful school year, we also look forward to the exciting summer months ahead and welcoming our students to TCPS Summer Camp beginning June 29th for another season filled with fun, creativity, exploration, and new experiences.

To our returning families, we look forward to seeing you again in the fall. To those moving on to new adventures, we wish you continued success and thank you for being part of the TCPS family.

Here's to celebrating a wonderful year and welcoming a bright summer ahead!

TCPS Summer Camp is Almost Here!!

Summer Camp begins Monday, June 29th, and we're excited to welcome our students for weeks of fun, learning, and exploration.

With flexible weekly registration available through July and August, you can choose the schedule that works best for your family.

Each week features exciting activities, creative theme days, and hands-on learning inspired by our Montessori approach. Most importantly, your child will be cared for in a safe and nurturing environment throughout all camp activities and outings.

Spots are limited - enroll today and give your child a summer full of memories at TCPS Summer Camp!

Chick Hatching Program

As May continues into June, we say goodbye to our chick friends. We spent April and May awaiting the hatch of our beloved TCPS chicks, and now it is time for them to leave our cozy home and head to their forever homes.

Planting Program

We are excited to share that our students have recently begun their annual planting project! Each class has been given the opportunity to plant and care for their own flowers and plants, helping children develop a sense of responsibility while learning about nature and the growing process.

Through out the coming weeks, students will help water and care for their plants and observe the changes as they grow. We look forward to continuing this project throughout the Summer camp as well.

We look forward to watching our students enjoy this hands-on learning experience and seeing their gardens flourish throughout the summer.
