Meet the Teacher Night a Huge Success!

It was really great to see such a great turnout last Thursday evening at the Meet the teacher night. There was a great sense of excitement in the school with so many parents and students in attendance. For any parents who were unable to attend, please feel free to send an email or speak to your child's teacher and they will be happy to provide details about the upcoming school year. Thank you to parents and staff for a successful evening.

After School Courses

A reminder that After School Courses are starting this week. If you registered your child for an after school program, you should have received an email with the list of dates for the after school program. We are looking forward to an exciting first term of after school courses . Please don't hesitate to contact us if you have any questions .

Elementary Safety Week – September 15 - September 19

This week we are conducting a school wide safety week with scheduled fire drills and hold and secure (lockdown) drills.

Throughout the year, the students and staff will practice fire and safety drills (Hold & Secure Drills) as part of our Fire and Emergency Safety Plan. By doing so, students and staff will be able to respond in a calm manner during an emergency.

We encourage parents to also take some time to talk to your children about a fire safety plan in your home. Parents are reminded to test smoke detectors and carbon monoxide detectors as well as replacing batteries in the above mentioned devices.

Personal Mobile Device Rules for Grades 1-8 Elementary Students

The policy was implemented to help support student achievement and well-being by: keeping students focused on learning by removing distractions promoting mental health.

We wanted to highlight the Personal Mobile Device Rules so that students and parents can become familiar with the updated policies.

At Town Centre, the elementary students have not been able to bring in personally owned electronic devices except for Grade 5 to 8 students who are required to bring in laptops to school for educational purposes.

In order to provide clarity of the new policy, parents are asked to please see the Accessibility and Personal Mobile Device Rules listed below as found in the Elementary Handbook -August 2025. This document was sent via the app during the first week of school. Printed copies are available in the office.

Accessibility

Grades 1 to 4: Students in grades 1 to 4 will have access to the Internet via Computer Labs, the Library Resource Centre and classroom laptops. Students are not to bring personally owned electronic devices from home.

Personal Mobile Device Rules

Town Centre Private Schools is dedicated to keeping students focused on learning and promoting mental health by removing distractions such as personal mobile devices.

Mobile devices are defined as:

***Any personal electronic device that can be used to communicate or access the internet, such as **a cellphone, or smart watch.** ***

As such, students in Grades 1 through Grade 8 are not permitted to bring cellphones or other personal mobile devices to school unless a device is required for health, medical, or special education needs.
If an educator sees an unauthorized personal mobile device, the student will be asked to hand it in to the office. The unauthorized device will be kept in a storage area designated by the principal and returned to the student at the end of the day.

Parents may need to be notified if the student continues to bring the unauthorized personal mobile device to school.
